

Ethiopian, Somali leaders hold bilateral discussion

Prime Minister Dr Abiy Ahmed held bilateral discussions with the Somalia President Mohamed Abdullahi Mohamed "Farmajo" at his office today.

The discussions focused on strengthening of regional peace per the agreements signed previously and mechanisms to ensure Kenya-Somalia relations are strengthened, according to office of the Prime Minister.

They also deliberated on continuation of joint port development and ensuring that relations with the administration of Somaliland support regional peace, the office added.

The Somalia President arrived in Addis Ababa this morning for a day-long visit as part of PM Dr. Abiy Ahmed's initiative for regional peace and security and economic integration in the Horn of Africa region.
